

PVC Insulation Tape Series

KLS8-01150 PVC fire resistance Series

PVC Electrical Tape Composed Of Soft Film And Rubber Based Psa Is Charaterized By Excellent Insulation, Good Flame Retardant, Resistance To Voltage And Lowtemperature, It Is Used For Insulation Protection Of Electrical Wires And Harnesstape In Automobile Industry. Pet Tape (Polyester Tape) Composed Of Pet Film And Solvent Based Psa Is Charaterized By Good Tensile Strength And Resistance To High Temperature.It Is Used For Various Packing And Wrapping Of Transformer Coils

Technical Parameters

Back- ing	Code	Adhesive	Backing Thickness	Total Thickness	Adnesion	Tensile	Elon- gation	Voltage Break	Certi- ficate	Features Application	
			mm	mm	N/cm	N/cm	%	KV			
PVC	210	Rubber based	0.1	0.115	1.6	16	160	6.5	CE	PVC retardant tape, designed for automobile harness or civil use.	
	211	Rubber based	0.11	0.125	1.6	16	160	6.5	CE		
	213	Rubber based	0.13	0.145	1.6	16	160	6.8	CE		
	216	808A	Rubber based	0.16	0.175	1.8	28	160	8	CE	Used for automobile harness ,wire and degaussing coil.
		810A	Rubber based	0.16	0.175	1.8	28	160	8	CE	
	218	808B	Rubber based	0.18	0.195	1.8	28	160	8	CE	Used for automobile harness ,wire and degaussing coil.
		810B	Rubber based	0.18	0.195	1.8	28	160	8	CE
